## 500 A.D

👁 18 ✓ 0 ⭐ 2

### Chapter 1 by Flynt

A man named Jacob awoke from his bed of smooth rocks. The year was 500 A.D. Jacob is a healthy 23 year old man and is a strong christian who is not poor yet not rich either.

He could pay for food but couldn't pay for healing gems either. Now you may be thinking, what? I thought this was 500 A.D, not a medieval anime based around magic! Now just hear me out! This is not a medieval anime based around magic!

But anyway back to our story. Not that he needed those anyway, he had his own healing powers of his own. Actually he's the only mortal in the country who has healing powers. Which brings us to his job, healing people. He hates his job of course, first because it's 24/7, and because it's just plain boring.

Also, he's seen people who could afford millions of healing gems, but still come to him to get healed because apparently, coming to him for healing is now an attraction..... and how is he going to stop that?
